

BAKED BEANS

Sauté until lightly brown:

6 large onions, chopped ;
1 1/2 cup chopped green pepper
1 1/2 stick margarine

Add: 1 can tomato soup
1 1/2 cup dark brown sugar
8 bay leaves

Simmer from 45 min. to 1 1/2 hour very slowly.

Add: 1 cup of above sauce to each
2 cans Bush's Vegetarian Baked Beans.

Pour into greased casserole and bake at 350 degrees until nice, thick and brown.

Note: The above measurements are only approx. I don't measure. I make up a lot of the sauce at one time and then freeze it in one cup containers. It's so handy to have on hand to just add to the canned beans and bake.
